

Oreo Ice Cream Dessert

- 1 pkg oreo (crushed)
- 1 jar caramel topping
- 1 jar hot fudge topping
- 1 container cool whip
- ½ gallon vanilla ice cream

Layer half pkg of oreos on bottom of a 9 x 13 pan, scoop ice cream on top and cover with caramel and hot fudge topping (I don't always use the whole jars but that is personal preference), spread cool whip on top and sprinkle remaining oreos on top of dessert and freeze until serving!
