

## Work at Home Survey

*The intent of this survey is to determine if there would be interested individuals in the Hartington and surrounding area for people to work out of their homes (using computers for online work-data entry). There are some very legitimate businesses that may be willing to contract with individuals in this area. Again this is only an informational survey. If there is enough interest, those people who are interested may be contacted.*

*Tom Noecker, Mayor of Hartington*
